### No more data silos

Manage your projects from setup to results in Highlight's easy-to-use dashboard.

#### Fast response time

tone facia

Start getting user data within a week. Complete a survey in a month.

### Engaged testers & granular targeting

We've created an engaged Highlighter community with a 90% survey completion rate and average 20-word open-ended response. Use our tester data to focus on your core demos.

#### Lower cost, better results

**Nestlé** 

Get insights you can use to craft successful product launches for a fraction of the cost of traditional product testing.
